Home: 34825 Istanbul (Türkiye)

ABOUT ME

I develop web projects using .NET, ASP.NET Core, and TypeScript. I am improving myself in the fields of data processing and visualization. My curiosity about technology and information systems fuels my motivation for continuous learning and growth, and I aim to constantly advance my technical skills.

WORK EXPERIENCE

Kolomolo – Krakow, Poland

Full Stack Developer Intern

[02/2026 – 05/2026]

I contributed to the development of a cross-platform (web & mobile) health-tech application built with TypeScript and Next.js. I played an active role in the new UI transition, frontend development, bug fixing, feature enhancements, and validation & quality assurance processes.

Gini Talent – Online, Türkiye

Search Engine Quality Improvement Specialist (Yandex)

[07/2024 – 04/2025]

I analyzed online content in terms of reliability and quality. I worked on search engine, translation, and voice assistant systems, contributing to content analysis, data labeling, and NLP-based developments.

Doganlar Mobilya Grubu – İstanbul, Türkiye

E-Commerce Marketplace Intern

[08/2024 – 09/2024]

I focused on improving operational processes, enhancing e-commerce infrastructure, and ensuring customer satisfaction. I applied marketing strategies to boost brand visibility and sales while gaining experience in managing online shopping platforms, including product updates, invoice management, and logistics reports.

Sampas Holding – İstanbul, Türkiye

Full Stack Developer Intern

[07/2024 – 08/2024]

I participated in multiple projects and developed my skills. Developed RESTful APIs to streamline data management and integration processes. Designed user-friendly interfaces using React

EDUCATION AND TRAINING

M.Sc. in Computer Engineering

Marmara University [2026 – Current]

Bachelor of Information Systems Engineering

Sakarya University [2021 – 2026]

City: Sakarya | Country: Türkiye | Final grade: 3.15

Bachelor of Science in Computer Science

PWSTE [2023 – 2023]

City: Jaroslaw | Country: Poland | Final grade: 3.92

Erasmus+ Student Mobility

Erasmus+ Youth Exchange In Austria

Erasmus+ [21/09/2026 – 29/09/2026]

City: Rettenegg | Country: Austria

I participated in an Erasmus+ project focused on nature, resilience, and self-awareness. We took part in hiking, mindfulness, breathing, and self-reflection activities while exploring different cultures.

Erasmus+ Youth Exchange In Bulgaria

Erasmus+ [12/2025 – 12/2025]

City: Bansko | Country: Bulgaria

I participated in an Erasmus+ project in Bulgaria focused on cyberbullying and digital citizenship, together with participants from different countries. As part of the project, we conducted workshops, produced short films and podcast content, and had the opportunity to closely experience different cultures.

Erasmus+ Youth Exchange In Italy

Erasmus+ [05/2024 – 05/2024]

City: Pignola | Country: Italy

I participated in an Erasmus+ project in Italy aimed at enhancing young people's media literacy and critical thinking skills together with participants from different countries. As part of the project, we conducted workshops, talk shows, and produced promotional videos; additionally, we provided training to middle school students.

LANGUAGE SKILLS

Mother tongue(s): Turkish

Other language(s):

English

LISTENING C1 READING C1 WRITING C1

SPOKEN PRODUCTION B2 SPOKEN INTERACTION B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

SKILLS

.NET / .NET Core / .NET Framework / C# / Python / Typescript / Html,CSS,Javascript / MsSQL / PostgreSQL / Power BI / Object-Oriented Programming / SSIS / Linux (Terminal Commands, Bash/Shell) / Microsoft Office

PROJECTS

[04/2026 – Current]

AWS Cloud Practitioner Essentials I completed a certification program covering the fundamental concepts of cloud computing, AWS services, security, pricing, and cloud architecture principles on AWS

[01/10/2024 – 11/11/2024]

Asp.Net Core Api- Rapid Api ve Api Consume I completed the course on Udemy. Throughout the course, I gained hands-on experience in building and consuming APIs using ASP.NET Core. I learned how to integrate third-party APIs, manage requests efficiently, and implement best practices for API development.

Link: <https://github.com/furknsyl/HotelAPI>

[15/11/2024 – 09/02/2025]

ASP.NET Core API & SignalR with QR Code Order Management I completed the course on Udemy. In this course, I learned how to develop a real-time order management system using ASP.NET Core API and SignalR. I gained experience in implementing QR code-based operations and enhancing real-time communication between clients and the server.

[12/10/2024 – 10/11/2024]

Bootcamp Fest'4: Cyber 101 Bootcamp I successfully completed the 'Bootcamp Fest'4: Cyber 101 Bootcamp' by TechCareer. During this 5-week program, I gained foundational knowledge in cybersecurity, including data security, cybersecurity strategies, and security assessments.

Link: <https://certificates.techcareer.net/tr/verify/79680618283532?ref=email>

Applied Microsoft Power BI Course I completed a Power BI Desktop course via BTK Academy. This course provides a solid foundation in data analysis and visualization using Power BI Desktop. Participants learn basic concepts like data modeling, creating relationships, building simple reports, and sharing insights from multiple data sources.

[15/08/2023 – 04/10/2023]

Learn C# by Developing Applications from A to Z. I completed a course on Udemy to strengthen C#.

VOLUNTEERING

[27/02/2023 – 10/07/2023] Poland

PREPARATIONS FOR THE CHARITY ACTION FOR THE SHELTER FOR HOMELESS ANIMALS IN ORZECHOWCE While I was on Erasmus, We organized a charity event with our Erasmus coordinator for the animals in the shelter. We placed donation boxes at certain points and used the collected funds to buy food and other necessities for the animals. We even made it into the local newspaper.
